Casting

Due to the theatrical nature of our program, and to preserve the accuracy of our historical presentation, roles in the program may be cast according to appearance and/or gender. Visible tattoos and/or piercings on the hands, neck, face, nose, or head are not permitted, nor are hair colors that are not of a natural human hair color. This is not meant to be discriminatory, but this policy is designed to provide a clear picture of what life was like in the mid-1800's.

We also ask that you let us know whether you have an allergy to wool (as most of our clothing items are made of wool) and if you have any food allergies. This allows us to better accommodate your needs during your historical adventures.

I have read and understood the casting policies of the Texas Civil War Living History Institute and agree to cooperate with these policies.
